

Technology that teaches. Support that responds.

Complete technology support for private, charter, and specialty schools. One local team for your network, devices, platforms, and security.

- ✓ 24-hour on-site response
- ✓ Fixed monthly cost
- ✓ Bilingual support

Everything your school needs, in one package

User support

Help desk, remote support, and on-site visits within 24 hours.

Network and infrastructure

Wi-Fi, firewall, switches, monitoring, and content filtering.

Platforms and devices

Google Workspace, Microsoft 365, Chromebooks, laptops, and iPads.

Security and backup

Phishing and ransomware protection, plus tested backups.

Vendor management

Internet, manufacturers, warranties, and licenses through one contact.

Technology planning

Leadership meetings, device refresh plans, and annual budgeting.

Why DracoBella

Truly local

Based in Arroyo. On-site response within 24 hours.

Education experience

16+ years, including schools with over 1,000 students.

Hurricane-ready

Backups, backup internet, and a written recovery plan.

Fixed, predictable cost

One all-inclusive monthly fee. No surprise invoices.

Free technology assessment

We visit your school, review your network, devices, accounts, and backups, and deliver a report with recommendations. No cost, no obligation.
