

Technology that works. Support that responds.

Complete technology support for small and medium-sized businesses. One local team for your network, devices, platforms, and security.

✓ 24-hour on-site response ✓ Fixed monthly cost ✓ Bilingual support

Everything your business needs, in one package

User support

Help desk, remote support, and on-site visits within 24 hours.

Network and infrastructure

Wi-Fi, firewall, switches, servers, and network monitoring.

Platforms and devices

Microsoft 365, Google Workspace, computers, laptops, and mobile devices.

Security and backup

Phishing and ransomware protection, plus tested backups.

Vendor management

Internet, manufacturers, warranties, and licenses through one contact.

Technology planning

Management meetings, device refresh plans, and annual budgeting.

Why DracoBella

Truly local

Based in Arroyo. On-site response within 24 hours.

Proven experience

16+ years, from small offices to hundreds of users.

Hurricane-ready

Backups, backup internet, and a written recovery plan.

Fixed, predictable cost

One all-inclusive monthly fee. No surprise invoices.

Free technology assessment

We visit your business, review your network, devices, accounts, and backups, and deliver a report with recommendations. No cost, no obligation.
